

Dear Parents,

Nov, 2018

Does your child enjoy having fun while being challenged? Could having teamwork skills help him/her? Then your competitive problem solver should join the Math Counts Team at RMS.

WHO: Mr. Curtis is the coach and any 6<sup>th</sup>, 7<sup>th</sup> or 8<sup>th</sup> grade student may join.

WHAT: Math Counts Team of RMS. Visit [www.mathcounts.org](http://www.mathcounts.org) to learn more.

WHEN: **Mondays** 2:45pm - 3:45pm SHARP!  
Starting November .

WHERE: computer lab (room 4)

WHY: To have fun while learning how math is important to everyday life.

To practice for the school competition in January and the local competition in February. If we qualify, to practice for the state competition in March, and the national competition in May.

HOW: Reply to Mr. Curtis through email at [acurtis@region15.org](mailto:acurtis@region15.org) or hand write or type a note to be given to your child's math teacher. Please give the following information to allow your child / children to become a part of the Math Counts Team of RMS.

- 1) Student Name & current grade level
- 2) Parent(s)/Guardian(s) name that may be picking up at 3:50pm on Mondays
- 3) An email, phone number, and name contact in case of cancellation for MathCounts, due to weather, etc.
- 4) Your child's reason for joining Math Counts. Be honest. One sentence will do.
- 5) A statement whether or not it is okay to have pictures taken of your child while they work to be used for inspirational and educational purposes.

We look forward to number crunching with your math problem solver!

Sincerely,  
Mr. Curtis
